# MESSAGE

## PRINCIPAL

It is a great pleasure to observe the expressions of students who had contributed to various events . Nandha engineering college, Computer science and engineering department has grown abundantly in the recent past. It continues to sustain its growth. People reading this newsletter will realize the tremendous changes that are happening in the CSE department. The newsletter is presenting a glimpse of the multidimensional growth of the department. The department has been actively involving in various activities that have been brought to unveil the hidden talents of the Students and staff. The highly qualified and dedicated staff members have always stood with the department and have carried out their duties with a great level of commitment.

## CEO

It is always a pleasure to be a part of a team which strives to bring out the talents of students and staff. Computer science and engineering department has always been striving to keep itself ahead of the competition and the results are now for everyone to witness the growth of the department. The purpose of the department newsletter is to inspire and motivate students, staff and other friends in the college. This newsletter has made an earnest attempt in this direction and brought out certain aspects of the college through CSE department to the eyes of the public so that they may understand and know the department even better. I am sure the CSE department will scale even greater heights in the years to come and serve many.

## DEAN

I am happy to see the amount of enthusiasm of eminent members of the CSE department to contribute to the newsletter. Not to be outdone, our students have devoted time in participation and also have won lot of prizes in national and international level events. I stand awed by the sheer number of achievements that have come pouring in for the newsletter. This shows the enthusiasm and energy level of faculty members and students present in the CSE department.

## HOD

It is my pleasure to congratulate the team that has taken the initiative for producing this newsletter of Computer science and engineering department. It is great to find a considerable number of achievements, awards and events that certainly prove that our staff and students are skilled enough to express their talent. Reading this newsletter would definitely be an inspiration and motivation for all students and staff to contribute even more to the forthcoming events.
