

Services & Solutions

Accredited by

IGENSS

iGen Services & Solutions" is a Singapore based IT company.

Our Team comprises of qualified and experienced Temenos T24 Technical & Functional certified consultants to handle Implementation, Upgrade, Developments, System Audits, System health check, Performance tuning and Post Implementation Support.

Evergreen evolution

Continuous delivery and updates are critical to reducing maintenance efforts and optimizing value. Our technology powers continuous operations to make long implementations, upgrades and the challenges of customization, a thing of the past. DevOps teams can speed up projects with a self-service portal and control the pace of development. Make high-impact changes frequently, predictably and with minimal resources. Flexibly manage, configure and assemble our software, whether on the Temenos Banking Cloud, your own cloud infrastructure, or on-premises.

Configured for speed

We provide localized capabilities to speed up implementation with pre-wired solutions suitable for financial institutions in different sectors and geographies. This accelerates delivery, lowering the barrier to implementation with global and local best-practices for financial services. Focus on configuring the most high-impact aspects of the software to create the greatest value and competitive advantage. Our country Model Bank approach is based on our history and know-how of delivering software to over 3,000 financial institutions, in 150 countries.
