Instructions to ship Virtusa equipment:

In order to facilitate the return of the assets, the company has retained an Authorised Vendor (Courier Services firm) to collect the assets from your current place of operations, as per the official records. Please note that logistic cost shall be borne by the company.

You are required to contact the respective service representatives of the Vendor and place your request for collection of assets, confirming pick-up: date & time, contact person, and contact number etc.

Please ensure that the materials are neatly packed to avoid physical damages to the property at the time of package handover to the Vendor. Further, we suggest that you take few snaps of the pre-packaging & post packing status of the assets and share with ITSpoc@virtusa.com and Business HR, as a reference that adequate care had been taken prior to handing over; this will come in handy in case any physical damages occur during transit.

Employee must submit the asset at the base location (from where the asset was allocated). Employee needs to share the below information in the mail:

- Employee Number
- Employee asset allocation location
- Laptop or desktop serial number
- Accessories like Mouse, Keyboard, Wi-Fi adaptor, Laptop charger, headset
- Few snaps of the pre-packaging
- PNR copy

If you do not find a Vendor Collection Point at your place of operations, we request you to make your own arrangements to deliver to the nearest collection office/Point of the Vendor.

As you understand & agree that besides the physical assets, the value of company Data / client details or related work transactions are equally important, and therefore please take appropriate measures to return the assets safely, without fail, to avoid delay in settlement process. Delays could result in "Relieving Pending," "Want of Clearance," & "incomplete formalities" tagged against your record. Hope you appreciate the contractual obligations of returning the assets and ensure the timely completion of the same for the team to serve you better.
