Webinar

Department of Electronics and Communication Engineering organized a webinar in the topic "Career Opportunities after B.E/B.Tech on 09.07.2021. The webinar was conducted for all the students of Nandha Engineering College. Mr.Pabba Ramesh from ACE Engineering was the resource person for the program. He is the senior faculty and motivational speaker from the academy. He has 2 years of experience in industry and fifteen years in gate coaching.

The session is about the opportunities available for the students in the society after completing their under graduate program. The session starts with opportunities for engineering and non-engineering students. Resource person gave a brief introduction about GATE, ESE, PSUs, CAT, GMAT, IT/ITES Jobs. Introduction about the jobs available in Public Service Units and their salary Packages. Also Students got an idea about Prime ministers' research fellow scheme.

The session continued with the complete explanation about the GATE (Graduate Aptitude test For Engineering) Examination. The students can start to write the exam from second year onwards and students' able to get experience about the exam. Rules and regulations are explained detail for applying for the exam and writing the exam. Discussed about scholarship obtained, previous year cut off marks, syllabus coverage, preparation methods and selection of colleges.

The next session was about ESE which is conducting by UPSC team. Pattern and mark split ups of the exam are explained by resource person. Students asked questions to the resource person about the competitive exams, job opportunities in the government sectors and higher studies in IITs and also in abroad. Feedbacks are collected from the students about the session.

The image shows two screenshots from a webinar presentation. The first screenshot features a slide with the text "Think beyond" and a list of career paths including GATE, ESE, PSUs, CAT, GMAT, IT/ITES Jobs, and Public Service Units. The second screenshot shows a slide titled "Important Career Opportunities for Engineering Graduates" which is divided into two columns: "Engineering" (listing GATE, ESE, PSUs, State Service Commission, and IT/ITES Jobs) and "Non-Engineering" (listing CAT, ICS, IFS, and Other competitive Exams). A small video feed of the speaker is visible on the right side of the second slide.

ORGANIZES SEMINAR ON

"IMAGE PROCESSING TECHNIQUES WITH VLSI"

DATE: 7/10/21

TIMING: 10AM-12 NOON

RESOURCE PERSON:

Mr.K.LOKESHWARAN,
DESIGN LEAD, FPGA DIVISION,
TESSOLVE SEMICONDUCTOR PVT LTD, BANGALORE.

EVENT REPORT:

- Image processing techniques such as Image acquisition, Image enhancement and image restoration, Image compression and character recognition was discussed.
- Sensors used in image processing such as CMOS and CCD were discussed.
- Basic examples to write TCL coding was given.
- Field Programmable Gate Array (FPGA) technology has become a viable target for the implementation of algorithms suited to video image processing applications. The unique architecture of the FPGA has allowed the technology to be used in many such applications encompassing all aspects of video image processing, Detailed description of FPGA was given.

DATE: 9/10/21

TIMING: 2.00PM-5.00 PM

RESOURCE PERSON:

**Mr.M.Venkatesha,
Pcb Design Engineer
Sonetonix, Bangalore**

ABSTRACT:

- PCB design process methodology, schematic and layout were discussed
- Well-structured and detailed design about basic designs was given.
- Altium designer tool has a schematic simulation features, and ECAD/MCAD collaboration features helps PCB designers productive and building advanced printed circuit designs.
- Hands on training on Simulation-Driven Designing Schematic were given.
- Working with hierarchical schematics was discussed.

Workshop

Department of Electronics and Communication Engineering, Nandha Engineering College had organized One Day Industrial seminar program “PCB design using Altium Designer Tool” on 09.10.2021 through Google meet. The resource person for the program was Mr.M.Venkatesha, PCB Design Engineer, SONETONIX, Bangalore.

He explained about As the need for electronic devices grows, their complexity continues to increase while their size decreases. What this means for the PCB designer is that there are plenty of new technological challenges waiting for you to tackle. For the devices we build to get smaller, the designs must get smaller and more densely packed as well. This requires new techniques and methods in circuit board design, and the PCB designer is on the front lines of these new requirements.

A total of 56 students was participated Industrial seminar program to expand their knowledge.

Hands on Training using “Node MCU ESP8266 for IoT Applications”

Hand on Training Program organized on 20.10.2021 from 9.30 am to 4.30 pm was handled by Mr.M.Vignesh, R&D Engineer and Mr.Maruthupandi Murugan, Project Engineer, Vi Microsystems Pvt Ltd, Chennai. The objective of the training is to provide knowledge about the basics of Node MCU, installation of Arduino IDE, its libraries and its implementation in the IoT field and encourage the students to develop their own project. In the training, the students were introduced to the fundamentals of IoT, implementation of Analog and Digital sensors with LED interfacing, Switch interfacing, Communication with mobile phone and its interfacing with cloud using Thinspeak Software. As an outcome, students gained comprehensive knowledge and will be able to participate in various project expo and carry out their final year academic project. A product “PORTABLE PUBLIC ADDRESSING SYSTEM (PORTABLE PA SYSTEM)” designed and developed by Mr.M.Srinevasan, AP/ECE was released in the event. Also, MoU is signed with Vi Microsystems Pvt. Ltd., Chennai.

Hands on Training by Resource Persons, Vi Microsystems Pvt. Ltd., Chennai.

EVENT REPORT

After completing under graduation:

Students can do M.E. or M.Tech

Students can do MBA Degrees

Students can willing to go job in private and in government sectors.

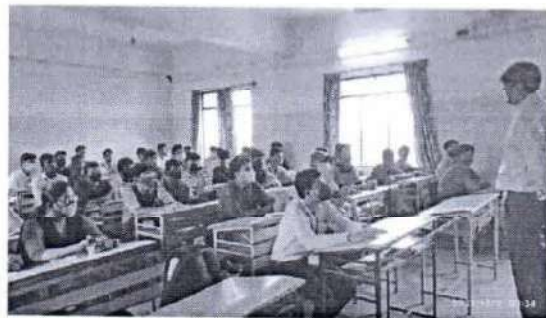

Students can start their own business.

They also can opt IT or Core oriented jobs.

Listening Exercise: made to vision our future

We should select our work and stand by our self. We should vision our future to have a broad mind set. If we have plan for higher education, we should start our training by now. So that students able to join in their higher classes without wasting their graduation year. Best institution to do our MBA is IIM and there are many B schools which are internationally recognized in India. Resource person gave example about TITAN Company. To qualify for higher position in any company, one should complete MBA. If the student completed MBA, he/she can shift any company at any time. Students able to grow fast in their career and they also able to get high salary package. Higher education will mould the students thinking.

Every company CEOs or senior management will be MBA graduate in top universities. Many entrance exams are conducted to join MBA. In most of the entrance exams, they will ask questions in Verbal, Aptitude, Logical reasoning. CAT exams will conduct in November 2022 and GATE exam in February 2022 and if we are strong in core, we can study MBA or M.Tech and also concentrate on research. Students have to start preparing from their lower class books. If the students are strong in the aptitude, they able to pass through many competitive exams.

About The College

Nandha Educational Trust was promoted by Thiru V. Shanmugan, chairman cum managing trustee in 1992 with a vision to serve and lead the society by imparting quality value based education as the mission. Nandha Engineering College was started in 2001 and is affiliated to the Anna University. The college is located in a serene atmosphere at a distance of 13 km from Erode. The college has state-of-the-art infrastructural facilities and offers 9 undergraduate, 6 postgraduate programmes in various disciplines of Engineering, Technology and Management with approved Research Centre for PhD programs.

About The Department

Department of Electronics and Communication Engineering (ECE) was established in the year 2001 with the vision of developing the department as a Centre of Excellence in Research and Development. The main focus is to make the students blossom into meritorious and

self-disciplined engineers by smart work. Since then its excellence in each and every aspects has played an important role in the institute's growth. The department is approved by AICTE and affiliated to Anna University, Chennai. Presently the department is offering

- B.E in Electronics & Communication Engineering,
- M.E., VLSI Design and
- PhD. in Electronics Engineering.

The department has been actively involved in research and consultancy in all the fields of Electronics and Communication Engineering. The Department has well equipped laboratories and research facilities. It is constantly modernizing the laboratory facilities with latest technology and research know-how.
