## 4.3.4 – FACILITIES FOR e – CONTENT DEVELOPMENT

Location	Floor	Area (Sq. ft)	Purpose
Block – 3	First	810	Recording e- Contents

Our college is committed in providing on date Technologies to enhance Teaching Learning process. A professional media centre with all facilities has been established in addition to the existing infrastructure during COVID – 19 pandemic period. It helped our faculty members for their online class handling during lockdown period.

### FACILITY:

A professional AV centre with sound proof wooden walls has been established with an attached recording room. This Air conditioned space has LCS (Lecture Capturing System) with noise cancellation microphones and HD Recording DVR's. A 6 channel mixer unit with time synchronization is available for good quality audio recording.

Cinematic digital video camera from Panasonic is available to capture the digital slides and the Board work by the faculty. Adequate Lighting and Acoustics arrangement has been done to enhance the Live Sessions and Recording Quality.

### VIDEO CHANNELS:

A full time video editor is available for editing the lectures of the teachers. This enables the students to watch high quality content without any redundancies. The college has also several YouTube channels which uploads subject specific contents. Few of our faculty's YouTube channels have been monetized for its excellent performance. The Institute encourages the usage of social media and open source softwares by both faculty and students.
