Hands on training on PCB designing

Hands on training on PCB designing was organized on 03.05.2023 and 04.05.2023 from 09.30 am to 4.30 pm at NEC placement auditorium and Simulation lab for first year ECE students. The resource person for this event was Mr.Ramesh Duraisamy, Chief Technology Officer, Chip Crafts, Coimbatore, Tamilnadu was the resource person. A brief Introduction about PCB designing were delivered in the morning session.

Morning Session contents:

Printed circuit board (PCB) design brings your electronic circuits to life in the physical form. Using PCB layout software, the PCB board design process combines component placement and routing to define electrical connectivity on a manufactured circuit board. Printed circuit board design begins with the creation of a conceptual block diagram. This block diagram is converted into a schematic design using a CAD software. A schematic is the representation of component symbols and net connections between them. Nets are the traces on the board. PCB design services are used to design the electronic circuits. Apart from electrically connecting, it also gives mechanical support to the electrical components. The PCB designs can be created both manually and automatically.

3 methods of PCB designing

Step-1: Print from File to Film.

IETE NEWS LETTER

Volume-25, Number-2, May-August 2023

From President's Desk

Dear Members,

I hope you and your family members had a wonderful Ganesh Chaturthi in September 2023. I take this opportunity to wish you all a joyous Diwali in November 2023.

Welcome to the current issue of IETE Newsletter. This is one direct method to keep our members informed about the many ongoing and planned technical activities being carried out by our Centres, Sub-Centres, and ISFs, as well as Headquarter's. Everyone participating is fully committed to advancing the goals and objectives of the country's leading professional body. The work of our Institution has been described in detail inside the issue, to give you a glimpse of the efforts that have gone into it; however, I would like to highlight the main events that occurred during my presidency from October 2022 to September 2023.

- The existing leased line at HQ, for data connectivity, 50 Mbps (annual expenditure Rs 1,50,000/- + GST) was surrendered and an internet broadband connectivity of 300 Mbps at an annual rate of Rs 18,000/- was installed in the month of Nov 2022, which resulted in savings of more than one lakh per annum besides higher speed.
- For security and better control of the IETE HQ staff working, eight cameras were installed during Nov 2022, for remote monitoring.
- IETE Gulbarga Sub-Centre was upgraded to IETE Centre Kalaburagi and the Centre was inaugurated on 14 Nov 2022. Centre accommodation has been provided in the campus of Visveswaraya Technological University Kalaburagi. It is a remarkable achievement in terms of membership growth under the leadership of Dr Basawaraj Gadgay & Dr D C Shubhangi.
- NIELIT entered into rental agreements with IETE for Karkardooma building and a portion of the premises at IETE Delhi Centre during Dec 2022.
- CII entered into rental agreement for portion of ground floor and 5th floor of HQ premises during May 2023.
- Delton Hall rental income has substantially increased. The revenue generated from 01 Oct 2022 till date is Rs 16 lakhs. The efforts of Sh Pankaj, Electrician to maintain Delton hall is highly appreciated.
- From the income generated during 2022-23, Rs 45 lakh is earmarked as past-period expenses in income and expenditure statement. No past-period expenses earmarked during 2021-22. Rs 42 lakh was paid for the expenses belonging to 2021-22 during 2022-23. Shrinking fund of Rs 11.77 lakh earmarked for the year 2022-23. Rs 34.8 lakh more was earmarked in current liabilities during 2022-23 compared to the year 2021-22.
- IETE & NIELIT extended one-year technical MoU which expired on 23 Sept 2023, for three years from Sept 2023.
- IETE and NIELIT signed an MoU in Aug 2023 to enter into business with IETE Noida Centre for the establishment of Centre of Excellence on Chip Design.
- NIELIT agreed for signing MoU for opening of "Online Examinations Centers" with IETE ORG Institutions on profit-sharing model. It will be finalized after obtaining written consent from the interested IETE ORG Institutions.
- Staff Promotion Committee recommended for HQ staff grade increment and it was approved during 2nd (2022-23) GC meeting and implemented with effect from Jan 2023. This initiative happens to be a very good step after several years to boost the morale of staff to contribute effectively for IETE growth.
- With regard to long-pending activity of *IETE Journal of Research* Supplementary Issues, (there was a deadlock prevailing for more than five years between IETE and Taylor & Francis) the publisher, EIC Prof Shiban K Koul, the Chairman Publications Committee & Vice-President Dr K Jaya Sankar, Publications Committee Members along with IETE HQ Team: Secretary General, Mrs Sandeep Kaur, Sh Sanjay Setia have put in lot of efforts for past several months to solve the deadlock. Both the parties agreed for profit sharing on 50:50 basis in the month of Feb 2023. This is a significant achievement which will fetch high income generation in future from Publications Division.
- For printing IETE Journals, Department of Science and Technology, Government of India provided Rs 7.5 lakh grant-in-aid (the highest so far) for the year 2023-24. The efforts of IETE HQ Team: Secretary General, Mrs Sandeep Kaur and Sh Sanjay Setia are highly appreciated.
- The Registrar of the Newspapers (RNI registration is required to operate the Publication activities) Registration was done in 2019 and whenever there are modifications, we must file declarations and renew the certifications. IETE had applied for the changes in 2019, and it was pending for a long time. With the diplomatic efforts of Sh Sunil, Hony Treasurer IETE, and Mrs Sandeep Kaur, and the Publication Team, RNI certificates have been obtained with valid declarations during June 2023.
- The Impact factor of IETE Journals rose considerably. IETE Journals impact metrics update came from T&F in July 2023. *IETE Journal of Research* is at 1.5 for the year 2022. *IETE Technical Review* 2.4 (highest ever) for the year 2022.
- The Board of Awards Committee under the Chairmanship of Dr R R Deshmukh, West Zone mentor, put appreciable effort in getting highest number of nominations i.e., 303 for this year in all categories. Two new awards were also introduced fetching Rs 6 lakh award payment. The efforts of Secretary General, Mrs Sandeep Kaur and Sh Sanjay Setia are appreciated.
- Dr S K Agarwal, was persuaded to withdraw his court cases during Nov 2022 and accordingly, he withdrew the two cases. It resulted into saving expenses on the legal cases.
