

MANUFACTURING TECHNOLOGY LAB

Manufacturing technology lab is fully equipped with all types of latest machineries and having the feasibility of doing experiments for projects and innovative works.

S.No.	Equipment
1	Capstan Turret Lathes
2	Shaping Machines
3	Milling Machines
4	Cylindrical and Surface Grinder
5	Tool and Cutter Grinder
6	Slotting Machines
7	Centre Lathes
8	Radial Drilling Machine
9	Hacksaw machine
10	Tool Dynamometer test facility
11	Planing machine
12	Basic Workshop
13	Carpentry
14	Fitting
15	Smithy
16	Foundry
17	Welding
18	Forging
19	Sheet metal works
