Outcome	<p>Mr. S. Kishore, a 2017 Mechanical Engineering alumnus and Senior Software Engineer, emphasized the importance of balancing technical knowledge with soft skills for industry success. He highlighted how skills like communication, teamwork, and adaptability complement technical expertise in professional roles. Kishore shared real-world experiences and encouraged students to focus on developing both areas early in their education. The session concluded with a Q&A addressing career development</p>	
Mapped with PO and PSO	PO9,PO10,PO12 PSO1	
Related to SDG (Mention the relevant Goal)		<p>Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all</p>

Feedback	The alumni interaction with Mr. S. Kishore received positive feedback from first-year mechanical students, who appreciated his practical insights on balancing technical and soft skills. Students found the session engaging and valued the real-world examples he shared, particularly how communication and teamwork play a key role in engineering careers. Many highlighted the importance of his advice for early career development and requested more such interactions in the future. The Q&A session was especially well-received for its relevance to their concerns.
