# NANDHA ENGINEERING COLLEGE

## VISION

- To be a world class Engineering and Management Institution in leading technological and socio-economic development of the country by enhancing the global competitiveness of technical manpower and by ensuring high quality technical education through dissemination of knowledge, insights and intellectual contributions.

## MISSION

- To provide value-based technical education and mould the character of younger generation

# DEPARTMENT OF EEE

## VISION

- To produce professionally competent Electrical and Electronics Engineers to meet out the national and global needs in inter/multi disciplinary domains.

## MISSION

- The Department of Electrical and Electronics Engineering is Committed to
- Equip the students with knowledge and skills to cater to the industrial needs.
- Engineer them to develop innovative, competent and ethical qualities to contribute technical advancements.
- Enable them to become responsible citizens of the country with a

## Program Educational Objectives (PEOs)

- PEO 1: To provide fundamental knowledge to the students in Basic Sciences for the efficient practice of Engineering.
- PEO 2: To equip the students with the necessary subject knowledge in the design and analysis of Electrical and Electronic Systems.
- PEO 3: To prepare students for the modern work environment that emphasizes the need for lifelong learning so as to bring out innovative applications.
- PEO 4: To enrich the students with the necessary skills for prospective careers in the industry, government, pursuit of higher education and entrepreneurship.
- PEO 5: To enable students to communicate effectively, both individually and within teams, demonstrating ethical, respectful, and professional behavior so as to take up leadership positions in the society.
