**Description:**

Agricultural Engineer's Association of Nandha has organized seed sowing ceremony on 8<sup>th</sup> August 2024 at Agricultural Field. A seed sowing ceremony is a traditional event where seeds are planted to mark the beginning of a new agricultural season or to symbolize growth and new beginnings. These ceremonies are common in many cultures and often involve rituals, prayers, or blessings to ensure a bountiful harvest.

**Cultural Significance:** Depending on the culture, the ceremony may involve specific rituals, chants, or prayers to invoke blessings from deities or ancestors. It may also be held on a particular day considered auspicious.

**Types of Seeds:** The seeds sown during the ceremony are often those that are significant to the community, such as staple crops or plants with cultural or spiritual importance.
